

What is the **King-Devick Reading Acceleration**

The **King-Devick Reading Acceleration Program (K-D RAP)** is a web-based reading enhancement program that allows students to practice eye movements that may not be fully developed when a child learns to read.

The student's task is to read aloud dynamically presented number targets quickly on an iPad or computer. The speed settings are easily adjusted and increased with ongoing practice as the student improves. **K-D RAP** has been proven to significantly increase oral reading fluency and comprehension scores in **as little as six weeks** with elementary students.

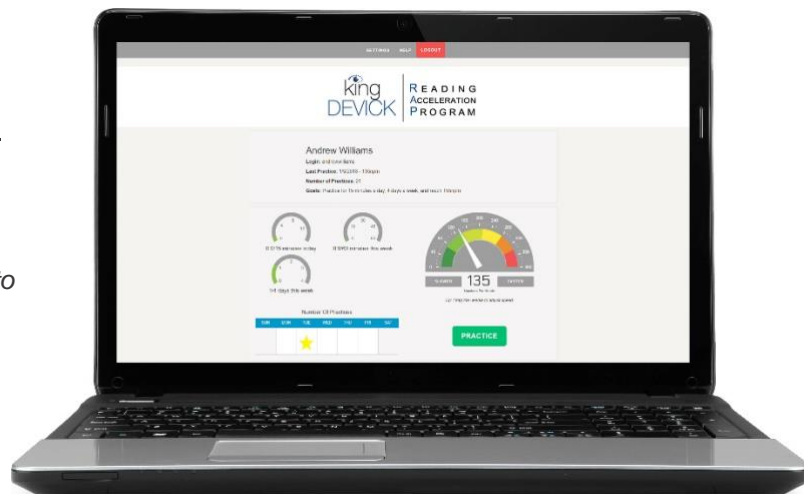

Access Via Computer (Screen Size Minimum: 13")

1. Visit: <https://app.readingacceleration.com>
2. Enter student's login information above
3. Follow calibration instructions
4. Begin K-D RAP Practice!

Access Via iPad (Screen Size Minimum: 9.7"; iOS 8.0+)

1. Download: [King-Devick Reading Practice App](#)
2. Launch App and enter student's login information above
3. Begin K-D RAP Practice!

Tip: A Wi-Fi connection is required for initial login and to synchronize practice sessions.
